

# ANSGC Student Stipend Application

## Australian National Science Graduate Conference

May 26-28, 2006  
International College of Management, Sydney (ICMS), Manly

The Australian National Science Graduate Conference is pleased to announce the ANSGC Student Stipend, which has been made possible by generous support from the *National Industria Chemicals Notification & Assessment Scheme* (NICNAS).

There are 35 ANSGC Student Stipends available.

NICNAS provides a national notification and assessment scheme to protect the health of the public, workers and the environment from the harmful effect of industrial chemicals. NICNAS also assesses all chemicals new to Australia and assesses those chemicals already used (existing chemicals) on a priority basis, in response to concerns about their safety on health and environmental grounds. NICNAS has recruited Australian graduates since 1990.

To be eligible for the ANSGC Student Stipend you must be:

- student studying at an Australian university or a recently (9 months ) graduated from an Australian University;
- have the supervisors permission to present;
- have an abstract submitted in May and accepted for oral presentation at ANSGC; and
- agree to the terms of use for ANSGC Student Stipend funds.

Terms: The ANSGC Student Stipend may be used for registering at the Australian National Science Graduate Conference (26-28 May 2006), or for travel to and from the conference. ANSGC Student Stipend funds will be issued on site at the conference. The Stipends amounts \$250 and by ticking the above boxes and sending this form you agree to accept the terms.
